GET YOUR PARK ON OPERATING EVENT SET FOR OCTOBER

What is hoped will be the first annual "Get Your Park ON" operating event will take place from 14 to 20 October in celebration of Earth Science Week. The event is open to Amateur Radio operators around the world and is sponsored by the national affiliates of World Wide Flora and Fauna (WWFF), which encourages radio amateurs to operate outdoors in protected nature parks.

During this on-the-air celebration, amateurs can participate in one of two ways. You can opt to be an Activator, setting up and operating in national and provincial as listed in the Southern African Fauna and Flora list found at <https://zsfaunaandflora.wordpress.com/>. Or you may decide to be a Hunter, operating from home and searching out and contacting the Activators. The week-long special event is reminiscent of the ARRL's popular National Parks on the Air (NPOTA) event in 2016. "Get Your Park ON" begins at 00:00 UTC on Sunday 14 October and continues to 23:59 UTC on Saturday 20 October. Visit the "Get Your Park ON" Facebook page for more information.

In October 1998, the American Geosciences Institute organized Earth Science Week, a national and international event to help the public gain a better understanding and appreciation for the Earth sciences and to encourage stewardship of the Earth, a common goal shared by WWFF. Both programs encourage participants to get outside and enjoy nature.

Earth Science Week 2018 engages young people and others with learning resources and activities exploring the relationship between the arts and the Earth systems. This year's theme of "Earth as Inspiration" promotes

public understanding and stewardship of the planet. Of special interest to the Amateur Radio community and their families is an "Inspired by Earth" photo contest and an essay contest for students in grades 6 to 9. (ARRL Newsletter)

RULE 2 REMOVED FROM THE SARL SWOP SHOP

Following a written request by a League member, Council has decided to remove Rule 2 "No advertising by members on behalf of non-members is allowed" from the Swop shop rules.

THE 2018 CQ WORLD WIDE RTTY DX CONTEST NEXT WEEKEND

The 2018 CQ WW RTTY Contest starts at 00:00 UTC on 29 September and ends at 23:59 UTC on 30 September with activity on 80, 40, 20, 15 and 10 metres. The observance of established band plans is strongly encouraged. The objective is for amateurs around the world to contact as many other amateurs in as many CQ zones, countries, US states and Canadian provinces as possible. The contest exchange is an RST report plus CQ zone number of the station location (e.g., 599 38). Stations in the continental USA and Canada also send QTH (e.g., 599 05 MA). Find the rules at www.cqwwrtty.com/rules.htm

LOCAL CONTESTS IN OCTOBER

The second leg of the SARL 80 metre QSO Party is on the air from 17:00 to 20:00 UTC on Thursday 4 October. The e-mail address for logs has changed and will be given in next Sunday's bulletin.

The second leg of the AWA Valve QSO Party takes place on 6 and 7 October, with the AM QSO Party on Saturday and the SSB QSO party on the Sunday.

The SARL Spring QRP Contest takes place on Saturday 13 October.

To conclude our bulletin a quick overview of our main news item:

What is hoped will be the first annual "Get Your Park ON" operating event will take place from 14 to 20 October in celebration of Earth Science Week. The event is open to Amateur Radio operators around the world and is sponsored by the national affiliates of World Wide Flora and Fauna (WWFF), which encourages radio amateurs to operate outdoors in protected nature parks.

This concludes our bulletin for this morning.

Clubs and individuals are invited to submit news items of interest to radio amateurs and shortwave listeners, if possible, in both English and Afrikaans, by following the news inbox link on the South African Radio League web page. News items for inclusion in the bulletin should reach the news team no later than the Thursday preceding the bulletin date.

You are welcome to join us every Sunday morning for the weekly amateur radio program, 'Amateur Radio Today' at 10:00 Central African Time. The program can be heard on VHF and UHF repeaters countrywide and on 7 082 kHz lower side-band and on 7 205 kHz and 17 760 kHz AM. There is also a podcast available from Dick Stratford, ZS6RO. A rebroadcast can be heard on Monday evenings at 18:30 Central African Time on 3 230 kHz AM.

We welcome your signal reports, comments and suggestions; please send these by e-mail to artoday@sarl.org.za. Sentech sponsors the radio transmissions on the non-amateur frequencies.
